

Informative Owens Update #3

Spectacular New Web Site Templates now available

Take your web site to spectacular new levels with just a click of your mouse using the new improved Site Builder 4.01

Simply go to www.website.ws > login > Build Your Website
> Edit (your page) > Properties > Design

All of the 4.0 Template groups, Business and Nature templates are new and most even have animation. One of the many benefits of being a GDI affiliate.

Remember how my site used to look? Check out all of the pages now www.weblegacy.ws

Build Your Business GDI- Flyer pulls in new members.

GDI offers a very attractive flyer that you can use to boost your business.

www.website.ws > login > Headquarter HiLights > Tools to Help You Grow > GDI Flyers

I have duplicated the flyer and am able to personalize it for you so that it looks really professional. I printed mine on photo paper and placed it on the bulletin board in the lobby of my building and it works great!

If you want to take it to the next level, may we suggest:

First: Go to www.website.ws > login > My Replicated Sites >

OK- You can use any of your three sites, however due to the simplicity, may we suggest using your [www.my.ws/\[your username\]](http://www.my.ws/[your username]). Click on Direct Flash Presentation and then [UPDATE] Now the “Ferrari” presentation will be showing at your site - cool!

Second: Send me your information and I will personalize a copy of the flyer for you and send back a PDF version. Now you can email it, print flyers, make posters either from your local printer or print them at home on quality paper from your own computer.

Third: Print and display or distribute your flyers and see what kind of results you get. (You can use a different email address like admin@yoursite.ws) to monitor results)

Informative Owens Update #3

Upgraded Email

If it's been a while, you may not have noticed that your email system has been upgraded (big time) Some of the main hi-lights:

GROUP You can now send group emails using your .ws address - handy!

ADDRESS BOOK You now have an address book that you can use for your GDI Team or business prospects.

CALENDAR You have a calendar that, if you wish, devote exclusively to your GDI business and keep everything totally organized.

TASKS This is a very handy "TODO" list that I now use daily to keep me organized.

Please notice that all these enhancements have been added for us by GDI with no increase in price - just better service.

With an ever-expanding and loyal team one of the many benefits for me personally is that everyone brings great ideas to the table from time to time on what is working for them and that's the purpose of the I.O.U. - to keep you informed of what is working!

Next update:

How would you like to know how to chat online with your whole team at once?

Would you like to use a free video phone service to talk with your team?

And, at the same time what would you do with about 15 million global leads?

How about Free video email cards ?

Awesome wishes, (Send this to your team)
